

The Belle Glade Herald

YES, IMA!!!

Yes, Ima the Golden Rule is still in style and it's practiced—yes, practiced a lot!

There's no position serving the public which needs the working of the Golden Rule more than that of a City Manager—some need it more than others.

Your questions, we are sure have been asked by many, and we feel they need answering, for the benefit of a lot of folks. We'll take them as you have asked them:

(Note: "Ima Wunderlin" — name not given — wrote a letter which is published in THE HERALD of December 26th. Reference to this letter will disclose questions. In the interest of public information the HERALD published the letter and is answering the questions. Any further letters must be signed.)

"It's the nature of the Beast" — City Managers' average life is very short, and Belle Glade is about average! Second Lieutenants, like City Managers are expendable.

City Managers in Belle Glade, by Charter provision, are hired as Administrators BY the City Commission, and are subject to being FIRED, at their pleasure. All City Managers are SUPPOSED TO KNOW this when applications are made.

The City Commission sets the policies and general rules of running the City's business — the Manager executes these.

There can be NO CONFLICT between the BOSS — City Fathers — and the employee — City Manager, other than in a normal operation. If there's a CONFLICT, there's usually a "fight" — by the City Manager.

City Commission meetings are regularly set and the public is free to attend; on the other hand there must be conferences and unofficial meetings, if the City's business gets the proper attention.

A City Manager is never "dismissed" without "cause" — sometimes it's "cause" he backs the BOSS — the boys who write the checks.

It is expensive to continually swap City Managers, with the attendant severance pay, loss time and uncertainty of the whims, fancies and peculiarities of a new "BOSS."

City Fathers should be generous in "sympathy" for the City Manager — so should you and I — for in addition to pleasing the Commission there's a lot of cantankerous taxpayers who must be dealt with.

What is an expert? Who is an expert? Sometimes an "expert" has his own opinion of the quality of his expertise and it doesn't jibe with the public or the check-writing influences.

"Life is real — Life is Earnest," theories don't always work in Belle Glade, in Florida, nor in Washington!

Your City Government is a million \$\$ annual business — PLUS.

The Public has selected the Boys Who Write the Rules — the City Commission; there's a way to dispose of their services, if a majority of the public doesn't like their rules — recall.

We've tried to answer your questions, and are not suggesting in any way that we're suggesting MORE KNOWLEDGE of your City government, with thought, sympathy and constructive suggestions!

And, don't forget the Sympathy for the City Manager, AND the City Fathers.

Lions Celebrate 25th Anniversary
Sat. Nite Feb. 1st

The local Lions Club will celebrate its 25th anniversary on Saturday night, February 1st at 8 p.m. in the Community Center, with Ladies Night.

"I'll have a real blowout" says the Chairman, "and want all men and their ladies to be present."

Special entertainment is being provided by the Committee, we are informed.

THANKS FOLKS!

Workers in only two mills in the Glades are organized by labor unions; efforts at other mills during the past two years have failed.

The International Association of Machinists Union have claimed to represent the employees of the Glades Sugar House; the Sugar House has insisted on a secret ballot, scheduled to be held January 17th.

The Sugar House has insisted that they have provided working conditions and benefits comparable to other mills in the area, with a signed statement by the President that it is its continuing policy.

The Union has asked permission to withdraw its petition to represent the employees of the Glades Sugar House, we are informed.

Cooperative which operates the Sugar House, is owned by fifty-three Glades farmers, who live, with their families in the Glades, along with Management and its employees. Their children go to the same schools; they go to the same churches, and the community of interest is the same for all.

It appears that a third party, such as the union, is not necessary to act as a go-between, or to act for anybody.

As understanding is developed, faith and trust is inevitable; these qualities established, an unbeatable association formulated.

Strife, Threats and Violence do not contribute to Peace, Goodwill or Progress.

Own, Management and Employees of the Glades Sugar House are to be commended for the relationship which insures cordial harmonious industrial and personal relations!

District 8 BPW To Meet Feb. 2 In Ft. Pierce

President of the Florida Federation of Business & Professional Women's Clubs, Inc., Miss Helen Parades of Perrine, will be guest speaker when members of District 8, Florida Federation of BPW Clubs hold their third quarterly meeting at Simonsen's Restaurant in Fort Pierce, February 2, 1964.

Miss Parades has served this organization in many capacities on the club, district and State level.

She is Recruiting Supervisor for Southern Bell Telephone Company in Miami, a position she has held for many years.

An active worker in her community, Miss Parades is a past president of the Alhambra Club of Miami and of the Women's Traffic Club of Miami. She has served as a director of the Miami-Dade County Chamber of Commerce, Women's Division, as director and secretary of the Personnel Association of Greater Miami and as member of the Personnel and Guidance Association.

Other community work includes director of Florence Crittenton Home of Dade County, Captain of United Fund Drive, director of Telethon, Daughters of her church and chairman of public relations for Tropical (Continued on page four)

Mrs. Ruth Wedgworth

In Who's Who Of American Women For Third Successive Biennial Issue

Belle Glade and Palm Beach County have the honor to be represented in the "Biographical Dictionary of Notable Living American Women" for its third biennial issue, by Mrs. Ruth Wedgworth.

The Glades' honoree is credited with various directorships in family corporations as well as Seminole Life Insurance Co., and Florida National Bank.

In professional organizations she is listed as a director of Florida Fruit & Vegetable Association and Chairman of the Board of Highlands Glades District Drainage.

In community work she is recognized as a member of the Fla. Citizens Committee on Education which pinpointed the organization and implementation of the Minimumum Founda-

tion Plan in Florida's schools, and as a member of the County Board of Instruction; she was a member of the Western Palm Beach County Hospital Board and a member of the Governor's Committee on Migrant work.

Mrs. Wedgworth received an Achievement Award from the Belle Glade Lions Club of which she is an honorary member; she is recognized as an Honorary Member of the Future Farmers of America.

She was named Woman of the Year by the Progressive Farmer in '47.

Her membership on the Migrant Work Committee of the National Council of Churches, Business and Professional Women, P. O. E. Beta Sigma Phi, was noted.

She is listed as a Steward in the Methodist Church, and a member of the Eastern Star.

The Marquis organization, which publishes Who's Who, as well as Who's Who in America says of the work: "a reference book of WOMEN OUTSTANDING AS WOMEN, without regard to their achievements or position with relation to men; it is a directory of women who stood out from her sisters and brothers, but who did STAND OUT from her sisters."

They say further: "no influence — social, political, monetary, or otherwise — can be allowed to dictate the inclusion of a listing."

12.3 Increased Assets

Ev. Federal Pays Savings Holders \$741,498 Total Dividends For '63

Everglades Federal Savings and Loan Association today reported an increase in total assets to \$20,789,766.49 as of December 31, 1963.

Richard A. Paxon, Executive Vice President of Everglades Federal Savings and Loan, said that this figure represents a 12.3 percent increase over total assets reported one year ago, and he attributed the institution's (rapid) growth to continued economic prosperity in the local community.

According to the institution's 1963 Annual Report, net savings gains recorded during the past year total \$2,305,639.73, increasing total savings to an all-time high of \$18,043,734.43.

Everglades Federal Savings and Loan also paid a record total dividend to savers of \$741,498.21 during 1963, based on a regular dividend rate of 4 and one-half percent.

Total mortgage lending volume at (association) increased to \$17,587,437.44 in 1963 which is approximately 10 percent above the volume recorded in the previous year.

Paxon commented that the strong savings inflow and substantially increased home lending volume at his institution is indicative of the consistent growing demand for savings and loan services in this community and elsewhere in the nation.

"The savings and loan system provides the most efficient employment of real savings — the investment in long-term real estate lending, particularly in the area of private single-family homes," he said, "we feel that savings and loan institutions have now achieved a critical importance place in our total economy and that their influence will continue to expand in the foreseeable future."

The association executive predicted a further increase in housing and home financing activities during 1964.

Born and reared thru high school in Palm Beach County, with service to the County in both Houses of Florida's Legis-

lature, Fred O. "Bud" Dickinson, announces his candidacy for the position of Governor of Florida in the coming primary and general elections of 1964, first in Tallahassee today, and later in all of Florida's large cities during the week.

"One Sunshine State" — not North Florida — Not West Florida — not Central Florida — low or east coast or west coast — but ALL FLORIDA! is a slogan of Bud's campaign.

Bud is a veteran of the Marines with decorated service from Guadalcanal to Okinawa; he is a legislator with honors by fellow legislators and by Florida Jaycees.

Mr. Dickinson is active in YMCA and boys work, is a civic worker and an attorney with business experience. He is the organizer and first Chairman of the Florida Committee of 100.

Bud says: "The day of just good roads is over — we must have EXCELLENT roads all over the state, for expansion of industry, agriculture and tourism — as well as for the comfort and convenience of our residents."

Bud is a Palm Beach County boy, and has travelled over the way, narrow and bumpy roads in the Glades; he asks for a chance to remedy these!

Jaycees Remind Everyone Important! Get Your First Dose Sabin Oral Polio Vaccine Jan. 19

Weeks up. It is equally important for all adults to take the vaccine, whether 16 or on up to over a 100 years of age. It is the most important thing everyone can do to protect themselves on Sunday Jan. 19 from 12 noon to 8 p. m. at the school in your locality.

The Sabin vaccine requires no injection, it need be only swallowed. The vaccine will be given at the following schools, which will be attended by nurses, physicians, pharmacists and a Jaycee in charge of the volunteer workers.

Belle Glade High School — Burt Ward
Osceola Central School — Ray Alston
South Bay School — R. H. Cooper
Lake Harbor School — Andy Bluffington
Lake Shore High School — Belle Glade Al. Maloy
Rosenwald School, South Bay — Jessie James
Okeechobee Central School, South Bay — George Mann

In addition to the vaccine given at the schools listed above, mobile units will be provided for outlying migrant and labor camps.

50,000 people are to participate in the mass polio vaccine program in the Glades area which includes Belle Glade, South Bay, Lake Harbor, Pahokee and Canal Point.

Anyone wishing to volunteer their services may contact one of the Jaycees at each of the schools or call Mr. Powner at WY 6-2050.

The Jaycees urge all citizens of the community to get behind this push to help wipe out polio. Let's show that when we see a problem the opportunity to do something for ourselves, for our families, and for our neighbors, we are not to apathetic or unconcerned to do it.

To cooperate with the Jaycees in this mass immunization program, everyone is asked to fill out the following blank and bring with you, and save time by having it ready.

THE JAYCEES ARE AT IT AGAIN! You can tell by the look on the face of Harvest Queen chairman and committee member Bill Asper, right, as he looks over last year's program with Miss Davene Watson, the first contestant to enter for the 1964 Harvest Queen Contest to be held March 21. Vice president Jesse James looks on. Miss Watson, daughter of Mr. and Mrs. R. E. Watson, is a 17 year old senior at Belle Glade High School, measures about five ft. and is sponsored by Watson Farmers.

All girls from 16 to 21 years old and single, would like to enter the contest, may call Dot Averill at Averill Studio in Belle Glade. The contest is open to girls in the Glades area from Pahokee to Moore Haven.

UNCLE DAN from DOOLIE says:

Dear Mr. Editor:
The fella's at the country store Saturday night come up with a important discovery. The Congress of the United States and the people of the United States ain't speaking in the same language. And when Congressmen talks in one tongue and the people in another way was bound to be change in the land.

This discovery was made at what you might call a meeting at the Summit and all the best minds of the community was present, including Zeke Grubb's preacher. It ought to go down in history alongside such items as Columbus discovering the New World and Democratic discovering the New Frontier.

First off, Ed Doolittle told about how the Congress passes a "debt ceiling" bill ever session. In the language of the folks back home, you hit the top when you hit the ceiling and they ain't no more. But the

Congress has raised the "debt ceiling" 3 times in the last 10 months.

Then the Congress, lamented Bug Hookum, don't pass nothing but "temporary taxes" when the folks back home knows all taxes was permanent.

Zeke Grubb reported that Congressmen backed the medicine care for the aged bill claims it won't cost the taxpayers a cent and explains it will be paid by the employers and employees.

And Zeke's preacher with explaining how this free scholarship bill for some college students got passed. When some of the folks back home complained it was a give-away program, then Congressmen immediate changed it to a free scholarship "non-reimbursable loan" deal.

And, said Zeke's preacher, when they was opposition to the Federal Aid to Education bill on account of the folks back home was afraid of Federal control, then Congressmen took the word "control" out of it and set up "standards" on how the money would be spent.

Clem Webster reported he had saw in the papers where Congressman John Ashbrook was talking about giving interested in all them patriotic folks that was working for the Government and "serving their country without salary."

I recollect, Mister Editor, reading once when I was a boy about a old Chinese proverb that said the beginning of all wisdom was calling a thing by its right name. If they was any

With sugar cane harvest well under way and some growers estimating as much as 40 percent of the cane harvest completed, the time will soon be approaching that sugar cane growers will be fighting weeds and grasses by both mechanical and chemical means.

Research workers at the Everglades Experiment Station have spent considerable time in developing controls by chemical application that does a very good job on the control of weeds and grasses in our cane fields. Dr. Joe Orenigen published a mimeographed report in October entitled, "Chemical Weed Control for Sugar Cane in the Florida Everglades." He has both recommended and suggested treatments for the control of various pests.

He has also written a mimeographed report, Everglades Experiment Station 64-12 entitled, "Using 2, 4-D Safely" and this is the main thing that I would like to caution our sugar cane growers when applying this material in areas where vegetables are being grown. Last year there were several instances where the spraying of this herbicide drifted on to vegetable fields which resulted in damage to the growing vegetable crops. Damage claims, litigation and needless expense has been caused by the careless use of this material and we in the County Agent's office would like to urge growers of sugar cane, pastures, sod and those using this material for right-of-way and water-way maintenance to be extremely careful when applying this material so as not to damage neighboring vegetable crops.

Members of the Glades 4-H Club, Junior Cattlemen's Association and FFA are busily engaged in getting their animals ready for the South Florida Fair and Exposition in West Palm Beach that starts January 24th and lasts until February 1st. All breeds of dairy animals will be shown by our Glades youngsters as well as beef and fat steers. Anyone interested in obtaining a good fat steer for

truth in that proverb, we got the most unwise Government on earth.

FOR THE HOME GARDNER:
Those of you that may have gotten potted poinsettias to add to the beauty of the holiday decorations may wonder what can be done with these plants, that the holiday season has passed. We would like to suggest that you transplant these poinsettias to outdoors locations where they will add an attractive touch to the home landscape. The top of the ball of soil containing the roots should be level with the ground surface and after planting will require plenty of water until they have become established. The location you choose may be either in full sun or broken shade but never be planted in full shade.

Landscape Design Program Of Club

The Belle Glade Garden Club held its regular meeting on Tuesday afternoon at the community Clubhouse, which was postponed from January 9.

Mr. Glenn Smith, president gave an informative summary and review on Landscaping Design, based on the course she took at the University of Miami, on the subject.

A brief business meeting was conducted at which time plans for the workshop to be held Thursday, Jan. 18 at 2 o'clock with Mrs. Van Horn conducting the workshop on making grapes.

The hostesses Mrs. Newell Gaskin and Mrs. J. P. Halbrook served delicious refreshments of Angel food cake and devil's food cake coffee and Mint Eskimo pie to the seventeen members attending.

Riviera Holds Conference Lead

Although more closely pressed since the holidays break, Riviera Beach remains unbeaten and leading the Suncoast Conference this week when the 10 clubs will finish the first half of the round-robin schedule.

A key match on the week's card is co-captain Seacrest's visit to Riviera Tuesday night. The other runnerup, Palm Beach, forced an overtime in the lead 10 days ago and then whipped Seacrest the next night. So this is a "must" game for Seacrest to keep in the flag contention.

After the overtime victory that marked resumption of play in the league after the holidays, Riviera kept ahead this past week with a 98-68 romp at Belle Glade Tuesday night, then edged out around 97, Pi. Pierce Friday 81-53. The Eagles are co-leaders of last place but pressed Riviera to the last minute before free losing.

Seacrest kept pace with two

place wins. The Hawks rallied in the last two minutes to drop Stuart 39-33, then hung on to down Forest Hill 46-41. Palm Beach rebounded with a 75-29 humiliation of guest Vero, then Forest Hill hung on to fourth place by beating Seacrest's 60-45 and Stuart ended its winless ways with a 51-40 triumph at Pahokee Friday.

TIPS

Truth in that proverb, we got the most unwise Government on earth.

FOR THE HOME GARDNER:
Those of you that may have gotten potted poinsettias to add to the beauty of the holiday decorations may wonder what can be done with these plants, that the holiday season has passed. We would like to suggest that you transplant these poinsettias to outdoors locations where they will add an attractive touch to the home landscape. The top of the ball of soil containing the roots should be level with the ground surface and after planting will require plenty of water until they have become established. The location you choose may be either in full sun or broken shade but never be planted in full shade.

Research workers at the Everglades Experiment Station have spent considerable time in developing controls by chemical application that does a very good job on the control of weeds and grasses in our cane fields. Dr. Joe Orenigen published a mimeographed report in October entitled, "Chemical Weed Control for Sugar Cane in the Florida Everglades." He has both recommended and suggested treatments for the control of various pests.

He has also written a mimeographed report, Everglades Experiment Station 64-12 entitled, "Using 2, 4-D Safely" and this is the main thing that I would like to caution our sugar cane growers when applying this material in areas where vegetables are being grown. Last year there were several instances where the spraying of this herbicide drifted on to vegetable fields which resulted in damage to the growing vegetable crops. Damage claims, litigation and needless expense has been caused by the careless use of this material and we in the County Agent's office would like to urge growers of sugar cane, pastures, sod and those using this material for right-of-way and water-way maintenance to be extremely careful when applying this material so as not to damage neighboring vegetable crops.

Sharon Motes, center, was installed worthy advisor of Order of Rainbow along with line officers: L. Linda Rockwell, Faith: Linda Hollingsworth, Charity: Reba Brown, Associate Worksh Advisory: Karen Harris, Hope.

Miss Sharon Motes, daughter of Mr. and Mrs. David Motes, was installed as Worthy Advisor of Belle Glade Assembly No. 1 of the Order of Rainbow for Girls in a public ceremony held Sunday afternoon, January 12, 1964 at the Masonic Temple.

Reba Brown, Linda Hollingsworth, Karen Harris, Linda Rockwell, Jorgie Crews, Kathy Barron, Tanya Croft, Anna Roberts, Amanda Bailey, Diane Lutz, Susan Kela, Judy Plank,

Jane Zumpff, Diane Sheahan, Cherry Bridges, Susie Winterrowd, Jill Chapman, and Karen Parker were also installed as officers for the ensuing term. Mrs. Beula Simmons was installed as Mother Advisor, and a new Advisory Board was installed.

Sharon selected Love as the theme for her term of office and gave an impressive address on the importance of Love for others.

Miss Motes' parents were escorted to the East where her father presented her with a gift. Mrs. Ruth Williams, retiring Mother Advisor, gave Sharon a white notebook with her name engraved upon it. Sharon was also presented with a lovely arm bouquet of roses by her sister Susanne.

Miss Motes presented gifts to her installing officers who were Chrystabelle Koby and Sheryl Lee of Clewiston, and Cathie White, Margie Townsend, and Becky Symmes. Miss Joan Fortenberry, soloist, was also presented with a gift.

Sharon chose pink and American Beauty red as her colors. They were beautifully coordinated in the basket of roses which

graced the East, and in the rose bedecked candelabra which was the centerpiece for the refreshment table.

After the installation refreshments were served. They consisted of a large cake decorated with a rainbow and also punch, nuts, and minis.

Woman's Club Program Features Tour Of Two Lovely Homes In Area

The Woman's Club of Belle Glade met at the Belle Glade Community Center on January 9, 1964 for its first meeting of the new year with the President, Mrs. William Rhodes presiding.

The salute to the flag was led by Mrs. Luther Jones, the Gutter Woman's Collect was read by Mrs. Emmett Harris, Jr., and the Devotions were given by Mrs. J. A. Ball, Jr., emphasizing the beginning of a new year.

Many guests were recognized and the program of the day was The American Home was then presented by Mrs. R. A. Poston, which featured touring two of the more popular homes in the Belle Glade area; that of Mrs. Sam Knight, a new and beautifully decorated home and that of Mrs. William Thibault, completely remodeled and an addition added also beautifully decorated. The tour was enjoyed by all.

The business meeting was held and the project of supporting a needy child was discussed. The picture, name and vital statistics of a Cherokee Indian child were given; also her picture was viewed by the members.

Upon arrival at the meeting refreshments were served to the members and their guests by the hostesses of the day, Mrs. B. McCall, Mrs. Larry Royal and Mrs. Junius Harris.

Weekend guests of Mr. and Mrs. L. D. Hewitt were Mrs. Hewitt's niece, Miss Betty Perkins, and Joe Spear both of Jacksonville. Mr. Spear and Mr. Hewitt enjoyed a fishing trip on the lake and caught a nice string of speckled perch.

Mr. and Mrs. Glenn Harvey were late coming down this year from their home in Kalamazoo, Mich., as they decided to stay there for Christmas with their grandchildren. They have a home here also at 405 N. E. First St. Mr. Harvey is back on the job in the produce business for the rest of the season.

The Clara-Arnita Circle met at the home of Mrs. Walter Roth. The program "The Church Beginning Where We Live" was presented by Mrs. J. A. James, Jr., Mrs. E. M. VanLandingham, Mrs. P. C. Doolley, and Mrs. J. L. Luce. As a result of the program the group will meet at the church next Tuesday 9:30 a. m. for a work project.

Delicious apple Kuchen and coffee were served by the hostess to ten members.

The Mary-Ruth Circle of the Woman's Missionary Society of Community Methodist Church met Wednesday at the home of Mrs. George Farnell.

Mrs. E. C. May presented the program topic on "Church Beginning Where We Live." She was assisted by Mrs. Ralph Kidder, Mrs. W. R. Hooker and Mrs. Mildred Haney. Mrs. D. C. DeHaven gave the devotional.

Others present were Mrs. N. Taylor, Mrs. F. E. Hollingsworth, Mrs. L. W. West, Mrs. E. F. Saunders, Mrs. Doris McWhorter, Mrs. A. S. Brannon. Guests were Mrs. Clarence Tilton and Mrs. M. M. Sabiston.

The hostess served delicious refreshments.

There is dew in one flower and not in another, because one opens its cup and take it in, while the other closes itself, and the drops run off.

Church Of God Having Greatest Revival In Years

There are quite a good many people who do not know and certainly do not practice common courtesy. The dictionary says, "Courtesy is politeness, originating in kindness and exercised habitually." It also states that courtesy is a sign of good breeding so it seems to be a wise and happy characteristic to be courteous and to be so habitually.

Then to be courteous does not necessarily mean to be polite and gracious only when company is in or you are at a party, but rather to have the everyday habit of courtesy, of being polite and kindly at all times.

Now, that is all true and I am quite sure most people agree that it is a beautiful grace of character, but would we not stop and consider the value of courtesy to the one being courteous and to the recipient of one's courteous gestures?

The greatest product that an individual has to sell is courteous friendship, a helping hand, a thoughtful deed performed in behalf of another. Those of us who have lived in the beautiful sunshine state of Florida for many years have come to take in many natural resources for granted. However, year after year in our community and in our city we have numerous people coming for short and long visits. These people judge not only our natural resources, the beautiful climate, the warm grass and shrubs, our beautiful lake, but they also judge the individual and the groups whom they meet and associate with. The Chambers of Commerce in the states, municipalities and the Florida Development Commission are indeed doing an excellent job of "selling" Florida to people in other states.

I believe it behooves each individual to join force with those who are promoting Florida and likewise "sell" Florida to people in other states. The individual such as you and I do not have at our command the forces of

public relations men, advertising geniuses, and so forth, but we have at our command the ability and I believe the capability of being courteous. This is the way that all of us can sell Florida. Florida has an expanding population growth and it is no other state in the United States that will continue to be so. Both native and adopted sons, will practice the common rules of courtesy.

The best rule that I have found is that summed up by the words of Galilee when he wrote, "whatsoever things ye would be done to you, do even unto others." In doing this one will naturally and habitually practice courtesy. I believe that friendliness, that is genuine friendliness, is one part of each and every one who loves and appreciates this great state of ours, will be a source of attracting others, but no matter how friendly we are, unless it is sincere and earnest, it will have no lasting appeal. Even though there is a genuine friendliness, unless we are courteous, this friendliness never is conveyed to the other person.

Years ago, on a rainy day in a great store in Pittsburgh, a group of sales clerks were gathered around, discussing one of their favorite subjects, baseball. Coming in from outside, wet and dripping with the rain, was a insignificant unpretentious lady. The group discussing baseball seemed to ignore her, but then she experienced clerk noticed her and went over to her. He asked, "May I help you, Madam?" She observed the clerk with an approving and tolerant expression, and then she said, "I want one of your men, Mr. ———, to supervise the furnishings personally." Since the young man was young and inexperienced, his employer or thought it wise for some older, more experienced salesman to go across the Atlantic to Scotland and supervise the furnishing of the great house, but the lady, remembering the courtesy experience but courteous young person said, "demanded that he be the one to first sent. And so it was that he went across the Atlantic to direct the furnishing of the great Scottish palace. Who was this bedraggled lady out of the rain, discussing her needs with a young, inexperienced but courteous young man? She was none other than Mrs. Andrew Carnegie, the wife of the great steel magnate of Pennsylvania and the state of New York.

And I practice courtesy habitually. It may be just contentment of the heart of the individual receiving it, it may be just a happy smile, or whatever it may be, it is a great dividend to the person practicing simple courtesy.

Reverend Paul M. Casen, Chairman of District 10 Welfare Board of the State Department of Public Welfare, reported that in Palm Beach County 6,808 persons were assisted in the four categories of public assistance for the month of December.

A total of 2,017 persons received Old Age assistance in the amount of \$97,059.00, 116 persons received Aid to the Blind, totaling \$6,697.00, 1,067 families, representing 3,383 children, received Aid to Dependent Children in the amount of \$63,754.448 persons received Aid to the Disabled in the amount of \$23,920.

Public Welfare Going Strong

Reverend Paul M. Casen, Chairman of District 10 Welfare Board of the State Department of Public Welfare, reported that in Palm Beach County 6,808 persons were assisted in the four categories of public assistance for the month of December.

A total of 2,017 persons received Old Age assistance in the amount of \$97,059.00, 116 persons received Aid to the Blind, totaling \$6,697.00, 1,067 families, representing 3,383 children, received Aid to Dependent Children in the amount of \$63,754.448 persons received Aid to the Disabled in the amount of \$23,920.

In addition 464 children received service during the month of whom were in foster homes. The total state and local cost for these child welfare services was \$16,415.80.

There were 7 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

Mrs. M. B. Bleech, Pahokee, represents the Glades.

An open mind is all very well in its way, but it ought not to be so open that there is no keeping anything in or out of it.

Remember ?

Being a child isn't nearly so much fun when it's happening, as it is when you look back on it!

Somehow we remember, when we get a little older, just how much better strawberry shortcake tasted then, and how special each day seemed. We forget the scraped knees, the hurt feelings, the times when we were naughty and got punished!

Most of us belonged to some particular church in our childhood. Looking back, it often seems like it was the best church in the world. Yet . . . like so much of what we remember of childhood . . . it wasn't really — BECAUSE ALL CHURCHES ARE WONDERFUL "In My Father's House Are Many Mansions" Jesus wasn't speaking of earthly houses. Yet, on earth, God has many mansions too. Your church . . . anybody's church . . . is one of them.

Go to Church this Sunday, especially if you haven't been for a while. You'll find that going to church now is a lot better than just remembering the church of your childhood.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ford Wins Motor Trend's "Car of the Year" Award

January 8: Motor Trend magazine's "Car of the Year" Award goes to an engineering breakthrough! It honors all the '64s from Ford "For engineering advancement in the concept of Total Performance, proven in open competition."

Here's what the Motor Trend Award means to you...

The editors of Motor Trend, America's largest general automotive magazine, watched Ford's total performance in open competition... saw competition-modified Fords win every 100-mile stock car race in the last year, saw Ford-built engines end an era at Indianapolis and sweep the sports car circuits.

Then they drove the 1964 Ford, Falcons, Fairlanes and Thunderbirds and discovered how the lessons of open competition have helped breed into them a new kind of total performance for the open road, for your kind of driving. And then they made their award!

The "Car of the Year" Award is an impressive testimonial, but see for yourself—take the wheel of a '64 from Ford. These cars speak for themselves with their ease of handling in a supermarket parking lot or their greater stability on a rain-slick blacktop.

Before you buy any new car this year, test-drive total performance in a Solid, Silent Super Turbo Ford, now hundreds of pounds more car than anything in its field. Try America's only total performance compact, the Falcon V-6, totally new, totally changed. Or, any of the '64 Cars of the Year from Ford!

TRY TOTAL PERFORMANCE FOR A CHANGE!

Football Banquet

The Athletic Association of Belle Glade gave the Belle Glade Football team and their fathers a banquet in the school cafeteria Thursday night, Jan. 9, 1964. Special guest for the evening was Mr. Ellison, defensive coach from the University of Florida, who gave a speech on dependability.

Eddie Buckner received the Unsung Hero's Award, which is given to a player who plays good ball, but receives hardly any recognition. This award was presented by Bob Ball from the Palm Beach Post. Times, John Causey received the trophy for most outstanding back, given each year by Mr. Cox of Cox's Jewelry. Johnny Dell was presenting the outstanding lineman award by Mr. Crichfield of Crichfield Electric. The most valuable player award went to Roy Hayes and Charles Thompson, because both were deserving players. This trophy was presented by Mr. Scarborough.

Everyone present enjoyed a meal of steak, potatoes, and salad, with strawberry short cake for dessert prepared by the cafeteria staff.

Basketball

On Friday, January 10, the Belle Glade Rams basketball team played a game with Vero on Belle Glade's home court. Belle Glade entered into the competition, after a four game absent streak because of an injury to its foot. "It was just a bad shooting night" stated Coach Luke when asked the reason for their 62 to 36 defeat.

Saturday night, in a close scoring game with Clewiston, the Rams were the underdogs with a final score of 68 to 65. Tony Latour was the high point man, with 20 points. Jim Johnson was close behind him with 19 points.

Miss Gerrie Loraine Day, secretary of our club, was the subject for this week's interview. She is the daughter of Mr. and Mrs. Paul M. Day of 232 N. W. 12th Drive, in Belle Glade. Their home, through her sophomore year, was in Rushville, Illinois, but at the end of that year they moved to Belle Glade where Gerrie will be graduating this coming June.

Secretarial work is Gerrie's practicing field this year in the office of the Belle Glade Elementary School with Mrs. Marjorie Fortenberry as her supervisor. Her definite future plans, as far as the business world is concerned, is undecided, but she will later officially announce her recent engagement to Virgil Ray Tyler, U. S. Navy.

Science Club

The B. G. H. S. Science Club met last Thursday night to discuss details of the upcoming Science Fair of March 24.

Members of the club discussed their projects and the possibility of getting professional advice from persons around Belle Glade associated with their various project fields.

Participants in the Science Fair are NOT limited to Science Club members. Anyone wishing to do research work for a project may come Wednesday night to the school library at 7:30 p. m. Mrs. Jones, Librarian, will be in charge.

Winners of the local Science Fair will take their projects to the Fifth District Science Fair to be held in Palm Beach later. Top winners there receive cash awards and attend the Regional Fair, winners of which attend the National Science Fair.

Junior and Senior members of the Florida Junior Academy of Science organization shall also attend the coming state-wide convention.

The next Science Club meeting will be held Wednesday night in the school library. All members and students interested in a science fair project please attend!

People As Seen By Vaulto

Have you ever tried living without people? I am unable to converse with them, so I must rely on watching their actions. However, I have found that this system is not always reliable, because their actions say one thing, while they mean another. People give false reactions to situations, thus making it difficult to understand them. Yet what would you do without our fellowman? We must strive to understand him.

It seems that a man's total purpose in life is to gain security. Webster says security is the state or feeling of being free from fear, care, danger, etc. William Shakespeare wrote "security in moral's chief enemy." Many men have been detained by their drive for security. But more serious, many men have lost their soul over this ambition for security.

People feel they must have the same social standards as any other person. Therefore they live their lives trying to gain a material rather than spiritual security. If you have a newer car than the person two houses down the street, what do you have? Will this material security last year after year? No. The car will wear out and finally become useless. Now, if we could process something that would last day after day year after year, even after we are gone from this earth, we would have security. Something to drive for and dedicate our lives to. The Hope of Eternal Life.

Guess Who Got It?

For the past week there seems to have been endless ballots to mark and names to write. Each class has been electing the most popular boy and girl as Mr. and Miss. The choices were right and everyone to gain a sense of the results. From the Freshman class, Sandy Goodbread and George Richardson were elected. The Sophomores chose Libby White and Cary Wall to represent them. In the Junior class, the class secretary, Joyce Morris, and Albert Kruse received the majority of the votes. In the Senior class, for the last time we have elected a Mr. and Miss. They are Miss Kay Campbell and Mr. Skipper Schoepel. For a little history on previous Mr. and Misses, in our Freshman year Joan Fortenberry and Johnny Dell were elected. In our Sophomore year, Cherry Bridges and Charles Thompson won. Last year, Barbara Collins and Bootsey Weathers were Mr. and Miss Junior. All in all it has been loads of fun to nominate, vote, and even campaign a little!

Hello, Central,
Give Me...

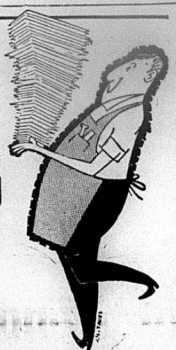

When telephones looked this way back in 1882, you can bet there were plenty of people around predicting that this new "phone" idea would never catch on. But phones did catch on. Constantly improving... providing broader services. Today, here in Florida, Southern Bell has more than 1,650,000 telephones in operation. And still the planning and working goes on. In 1964 more than \$79 million will be spent in the state to add new telephone facilities and improve existing ones. The number of customers served will top 1,000,000, and some 99,000 phones will be installed. By the end of the year Southern Bell's total investment in Florida will reach \$762 million.

These are some of the plans for 1964. Like Florida itself, Southern Bell is pledged to progress. And we've come a long way since 1882.

FOR THE MAN WHO HAS EVERYTHING (well, almost)

Ever feel like getting away from it all and heading for the back country? It's the easiest thing in the world in a Jeep® Gladiator with a camper unit. Just pack up your gear for hunting, fishing, skiing, birdwatching, rock hunting or whatever your pleasure may be.

No need to worry about sleeping accommodations, either. They're right with you wherever you go to keep you snug, warm, dry and comfortable regardless of the weather.

And because it's attached to a Jeep® Gladiator, you can go wherever you like... places which might previously have been accessible only on foot or on horseback. The unit is removable, too. Whenever you require a workhorse of a pickup truck with a large bed and extra load carrying capacity, you have it. Sound exciting? It is! It's available in either 2- or 4-wheel drive, in 7- or 8-foot length. Deluxe or standard. Why not see your Jeep® dealer today and have a look at the Gladiator with attached camper unit. Maybe you can become the man who has everything (Well, almost).

CHEVY-VAN!

Chevrolet's new low-cost quality delivery truck!

This introduces you to Chevy-Van—our new economy delivery truck.

It has a low price tag, over 40 sq. ft. of completely usable flat floor 7½ ft. long, the engine up front, and a lot of quality features which make it a better buy. The body and frame-floor are welded together. The truck is strong, rigid, stable. Doors are double-wall construction.

Chevy-Van has unusual resistance to rust and corrosion. Especially vulnerable areas such as front stepwells are galvanized. Sealers are used at all critical joints inside

and out. Certain sections are treated with high-zinc-content primers; others with an aluminum-wax preservative.

The windshield is a big flat practical one-piece unit. The big 90-hp 4-cylinder standard engine is more powerful than some 65, yet is remarkably economical. If you need more power, Chevy-Van offers a 120-hp six at extra cost. Side doors and rear windows also cost extra.

Last but not least, it's a Chevrolet. Which means that it is built to work for you a long time at minimum cost.

Telephone your Chevrolet dealer about Chevy-Van or any type of truck!

Rebels To Appear In Song Festival

The Rebels Quartet of Tampa will be featured in an "all night sing" at Sugarland Auditorium on Saturday, January 18, under the sponsorship of Sugarland Chapter No. 229, Order of

Eastern Star.

Co-featured on the program is the Smith Family of Ft. Myers and other groups are being planned to give area residents an outstanding gospel music program. The Rebels have been rated among the greatest Gospel singing groups in America and their spiritual records are a constant demand for personal appearances throughout the country and appear regularly on TV.

John Matthews sings baritone and doubles as manager; Horace Parrish sings first tenor and with Matthews are the only remaining members of the original quartet.

London Parrish, sings bass and is rated among the best of all gospel singing groups; Jerry Berry sings lead, while little Jimmy Taylor accompanies the group at the piano. Taylor does the arranging, sings himself and also has written several numbers including "Dear Jesus, Abide with Me."

Admission will be \$1.50 for adults and 75c for students. The proceeds will be applied to the air conditioning fund for the Masonic Hall. In Clewiston tickets are available at Ford's Shell Service, in LaBelle at the Sheriff's office, in Belle Glade from Mrs. H. C. Post, WY 6-5905. All members of the Clewiston Chapter will also be handling the tickets.
